## CONFERENCE ON USE OF FEDERAL ROAD MATERIAL

Governor Morrow Orders Full Investigation of Highway Department Disposal of Government War Material in State

### BOGGS AND GARRETT CONFER WITH INSPECTOR

By Associated Press.  
FRANKFORT, July 10.—Green Garrett, chairman of the State Highway Commission, Joseph Boggs, State Highway engineer, and Henry James, state inspector and examiner, held a conference today relative to the investigation ordered by Governor Morrow into the disposal of war material sent to the state department roads and highways by the federal government. Governor Morrow yesterday ordered a full investigation of methods of disposal of the war material telling Mr. James to use the full force of his staff if necessary to complete the work.

### ELKS' GRAND LODGE MEET- ING IN ATLANTA THIS WEEK

By Associated Press.  
ATLANTA, July 10.—It's "Hello Bill" in Atlanta today. From the North, South, East and West thousands of members of the antiered tribe are trekking into the Georgia capital for the fifty-ninth grand lodge convention and reunion of the Benevolent and Protective Order of Elks, which opened officially last night.  
According to a story published this morning in the Atlanta Constitution, Boston already has been decided upon as the convention city for next year.  
Early estimates place the number of delegates already here at more than 12,000. Preparations have been made to entertain 50,000.

### SEVENTY-THREE CHILDREN MOURN GRANDMA'S DEATH

CORBIN, July 10.—Mrs. Sarah C. Marcum, who died recently at the home of her daughter Mrs. H. V. Fugate, was one of the honored and revered pioneers of Southeastern Kentucky. She was 81 years old and is survived by seven daughters and 73 grandchildren.  
Mrs. Marcum's surviving children are Mrs. Mary Smith, Wilton, Ky.; Mrs. Sarah Aldridge, Tulsa, Okla.; Mrs. E. M. Baker, Bowling, Va.; Mrs. J. A. Stafford, Waverly, Okla.; Mrs. J. C. Panley, Rose Hill, Va.; Mrs. M. S. Barber, Livingston, Ky.; and Mrs. H. V. Fugate, Corbin.

### W. R. STRANGE CO. MOVING TO WOODSON FEED BUILDING

The W. R. Strange company, wholesale produce dealers, are preparing to move from their present quarters in the old K. U. building on Nineteenth street to the Woodson feed company building near the passenger station. The latter building is being repaired and remodeled and the produce company will locate there when the work is finished. They are having to move from their present location because the K. U. company intends to use the building in connection with their transmission system.

### CINCINNATI ESTABLISHES ITS FIRST BIRD PRESERVE

By Associated Press.  
CINCINNATI, July 8.—Cincinnati's first bird preserve, to be maintained by the Park Board, has been assumed by the acceptance of an offer of a tract of land seven and one half acres in extent, tendered by Joseph Rawson, vice-president of the First National Bank.  
City officials said possession is to be had as soon as technical matters connected with the grant could be completed.

### BARN ON HAMBRIGHT FARM IN TENNESSEE BURNS, LOSS \$5,000

H. F. Hambricht received word yesterday of a disastrous fire on his farm near Cleveland, Tenn. Lightning struck the big barn on the farm about 4 o'clock Sunday morning, causing it to bar to the ground with the loss of everything in it. This included four horses, all the farm machinery, and a quantity of hay and grain. The loss is estimated at near \$5,000.

"Make the flag stand for something" was the July Fourth cry. And the rest of the year it stands for anything.

A new bride sweeps clean.

## STREET WORK HERE BEGINS IN EARNEST

Cumberland Avenue Being Torn Up This Morning By Big Machine—Block To Be Closed

Several hundred persons were afforded free entertainment by the new street working machinery which began work on Cumberland avenue between Twenty-first and Twenty-second street this morning.  
The old asphalt surface was removed today and the gravel underneath will be removed next. Herbert Kidd, engineer in charge, says that he hopes that it will not be necessary to go down to the rock base.  
The scaring machine, drawn by a heavy road roller, plows into the asphalt tearing it up like an ordinary plow does the soil. The leading machine which is run by its own engine has two revolving disks in front running flat with the street. These push the pieces of broken paving into buckets which are kept in continuous motion on an endless belt. They move upward and dump their contents into a truck following behind.  
The refuse is hauled and dumped at such low places as J. C. Richardson, city engineer, directs.  
Mr. Kidd said that he intended to close the street this afternoon and have it remain so until the block is finished. While vehicles could pass during the early stages of the work, it would be dangerous to allow them to do so, he stated.  
Concrete gutters ten feet wide will be made on either side of the street before the center is paved with asphalt. Work on the block will be entirely finished before other blocks are reconstructed.

### COMMISSION GIVES ANTHRACITE REPORT

Would Continue Industry Under Private Ownership but With Official Scrutiny  
By Associated Press.  
WASHINGTON, July 10.—The Federal Coal Commission in a report made public today, contended the anthracite mining industry should continue in operation under private ownership, but under official scrutiny and open publicity as to costs and prices; wage contracts between operators and mine workers should be made enforceable by penalties against infraction from either side; and power should be vested in the federal government to take over and operate the mines in any emergency resulting in cessation of operations. Concluding an eight-month investigation of the industry, and summing up its findings in a 27,000 word report, the commission declared anthracite to be a limited natural monopoly, one-third exhausted, and affected by a public interest which makes it a subject for especial governmental treatment.

### LOUISVILLE POLICE SEEK MANIAC THIEF

Suspected of Series Robberies—Held Up Two Men and Attacked Girl Sunday Night  
By Associated Press.  
LOUISVILLE, July 10.—A two-gun bandit who held up two men and a young woman in the country Sunday night, robbed the men and attacked the girl, according to their stories, is being sought by city and county police today as a "maniac thief" responsible for a series of robberies here recently.  
"I believe the man responsible is a maniac and has robbed homes in the county recently," Chief of county police said, declaring he believed the story of the Sunday night victims substantially correct. Police are said to have the description of the two-gun maniac and are pushing a wide search. The man was almost captured Sunday when he robbed a home in the county, it was reported today.

### EXPECT 90,000 AT WILLARD FIRPO FIGHT THURSDAY NIGHT

By Associated Press.  
NEW YORK, July 10.—Ticket sales today are basis for a forecast that attendance at the Willard Firpo fight Thursday night will pass the ninety thousand mark.

### Country's Business Women Hold Fifth Annual Meet

PORTLAND, Ore., July 9.—Thirty-two thousand leading lights among professional and business women of the United States are centering their attention on this city, for the week of July 9 to 15.  
For this is the week of the fifth annual convention of the National Federation of Business and Professional Women's Clubs, which will be held in the municipal auditorium here. Delegates numbering 3,000 and representing the active womanhood of 21 states have been selected to attend the convention.  
Among the speakers during the week the most prominent will be Senator William E. Borah of Idaho and Supreme Court Justice Clarence E. Allen of Ohio, the only woman who has been honored with such high office.  
Oregon, Washington and Idaho are acting as joint hostesses. Arrangements for the reception of the delegates were mostly in the hands of Mrs. Ruth Williams and Miss Adeline Prichard of Portland. During the convention attention will be centered about such leaders as Mrs. Lena Lake Forrest of Detroit, president of the federation, and Ethel Conrad of Chattanooga, Tenn., executive secretary.  
The National Federation of Business and Professional Women's Clubs was organized July, 1919, at St. Louis to bring together women active in business and the professions, and promote their united interests. It has grown fast until now it includes more than 400 local clubs.

### Girl Confesses Part in Holdup

Is Held With Three Youths For Part in Killing Detroit Man Sunday  
By Associated Press.  
DETROIT, July 10.—Police are holding Peggy O'Neil, nineteen, and three youths in connection with the killing Sunday of Lawrence Rickard in a holdup. Police say the girl confessed to driving the bandit automobile and said she had taken part in twenty-eight holdups during recent weeks. She said she joined a gang of bandits in Ohio three years ago.

### ROUNDING UP RING OF ARMY GOODS THIEVES

Three Civilians and Eleven Soldiers Held in Camp Knox Theft of Near \$50,000—Believe Part of Chain Robberies in Six Camps  
By Associated Press.  
LOUISVILLE, July 10.—Deputy United States marshals and officers of the provost marshal's department of Camp Knox today continued efforts to round up members of an alleged ring responsible for thefts of army goods valued up to fifty thousand dollars. The arrest of "master minds" is expected soon, officers say. Already three civilians and eleven soldiers have been arrested. Twenty-five additional men are under suspicion. Six camps besides Knox including Jefferson depot and Benjamin Harrison are said to be involved in a chain of robberies with a total loot estimated up to three hundred fifty thousand dollars.

### IS WORLD GOING TO RUIN BECAUSE OF MODERN GIRL'S WAYS?

Is the world, and practically the United States, on the brink of destruction because the modern girl smokes, drinks, sweats, and has no modesty, reverence or religion?  
Has the new woman put a kink on the world since the old one went away?  
Alexander Black of New York City, author of several books on the American girl, does not think so. His nature judgment appears in an article in the Century Magazine for August.  
"The typical remark that 'all women smoke nowadays' belongs in the category with the July or August bliny that 'everybody is out of town,'" says he. "It is altogether likely that fewer than one woman in a thousand in the United States uses tobacco. There is an equal good possibility that not more than one in a thousand uses a lipstick."

## LITTLE ISLANDS RICH OVERNIGHT BY BOOTLEGGING

Chicago Daily News Describes Conditions Along Florida Coast Where Fortunes Are Made By Rum Runners

### TAKES LIQUOR FROM HAVANA TO CHICAGO WITHOUT TROUBLE

By Associated Press.  
CHICAGO, July 10.—Rum running along the south Atlantic seaboard has assumed such tremendous proportions that inhabitants of the formerly poverty stricken little island have become rich almost overnight and the sections have become known as the "bootleggers' paradise," the Chicago Daily News said today in a copyright article describing conditions along the Florida coast. Liquor clearings from Nassau alone increased from 37,000 gallons in 1917 to 1,340,000 in 1922. The Daily News correspondent told of a trip with liquor from Havana all the way to Chicago without interference at any time.

### PRISON BOSS GETS 20 YEARS TERM

Higginbotham Found Guilty of Murder of Martin Tabert By Flogging

LAKE CITY, Fla., July 10.—Thomas Walter Higginbotham was found guilty of the murder of Martin Tabert of North Dakota, in the second degree, by a jury here Saturday. The verdict carries a sentence of twenty years. The jury was out one hour and twenty minutes. The trial lasted thirteen days.  
The former whipping boss was accused of having caused the death of Tabert as the result of a beating administered while the North Dakotan was serving a term in the Putnam Lumber Company convict leased camp. There was no demonstration when the verdict was reported. Attorneys for the defendant who was in court, made a motion for a new trial.  
The death of Tabert finally resulted in an investigation of the whole convict leasing system and its abolishment by the Florida legislature. That body also prohibited corporal punishment.

### GRAND JURY INDICTS 26 OIL PROMOTERS

Dr. Frederick Cook, Former Arctic Explorer, Among Group Accused of Using Mails To Defraud  
By Associated Press.  
CLEVELAND, July 10.—Twenty-six Texas oil promoters, including Dr. Frederick Cook, former arctic explorer, were indicted by federal grand jury here today on charges of using the mails to defraud.

### Weather Forecast WASHINGTON, July 10.—For Kentucky: Fair tonight and Wednesday; not much change in temperature.

## ROUTINE BUSINESS FOR COUNCIL

City Engineer Hasn't Checked East End Specifications Yet—Special Session Tomorrow Night

### Ordinances Regarding the Payment of City Taxes and Requiring that City Water Connections be Made Before Streets are Improved Passed the Second Reading at the City Council Meeting Last Night.

An amendment to an ordinance passed a few weeks ago passed the first reading. The amended ordinance provides that all streets running parallel with Cumberland avenue "except Exeter and Ashbury avenues" be constructed forty feet in width.  
Reports from the various city departments were read and approved. A number of bills were read and ordered paid.  
T. R. Bill requested that the Lovett Fruit company be granted permission to build a trestle for a sidetrack across the canal near his place of business. The track, he explained, was for the use of his firm. Mayor J. H. Keeney asked him to bring plans of the proposed trestle so that council members might more fully understand the location and type of construction.  
He also asked that the penalty for nonpayment of 1919 taxes be not imposed owing to the fact that the matter was not brought to his attention until a few months ago. This request was granted.

### LOCAL CARS TO BE COM- MANEERED FOR VISITORS

Local lumbermen are preparing to give a warm reception to the delegates to the Kentucky Retail Lumber dealer convention which will begin here at 9:45 Thursday morning. The convention will be more in the nature of a pleasure trip than a business affair.  
It was first thought that from fifty to sixty men would attend the convention, but now a much greater number is expected. Several reservations have already been made at the Hotel Cumberland.  
The business session will be held Thursday morning at the Manning theater. The program follows:  
9:45 a. m. register and get banquet tickets.  
10:30 a. m. business session, President J. F. Pettus, presiding.  
Welcome address, T. R. Hill.  
12:45 p. m. adjourn for lunch.  
2:15 p. m. drive to Lincoln Memorial University.  
8:00 p. m. banquet Hotel Cumberland grill room with Kiwanis club.  
For Friday, July 13, the following schedule has been arranged:  
9:00 a. m. trip to Country Club.  
12:00 o'clock, auto trip to Pineville, lunching with Pineville Kiwanis Club at Continental Hotel. After lunch, a drive up Paige road, returning to Middlesboro at 4:30.  
5:00 p. m. trip to Fern Lake.  
7:00 p. m. return to hotel.  
Judge H. B. Lindsey of Knoxville will be present on Thursday and will address the delegates at the Kiwanis banquet.  
Cars for the excursions will be furnished by local business men. All who can are requested to donate their automobiles for this purpose.  
While it is a convention of the state association, it will be composed mainly of delegates from the eastern and central portions of the state. The mountain group of firms, as outlined on the programs, is composed of the following: F. B. Heath, Corbin; Wasiota Lumber company, Wasiota; Pope-Cawood Lumber and Supply company, Harlan; Bell County Lumber and Coal company, City Lumber and Supply company and Allen Lumber company of Middlesboro.  
The program as regards the sight seeing trips may have to be changed in case of rainy weather.

### UNION SERVICES SUNDAY NIGHT

Dr. Douglas Speaks On "Drifting"—Large Attendance at First of Joint Meetings

The first of the union church services to be held in Middlesboro during July and August was Sunday night at the M. E. Church, South. The service by Dr. R. E. Douglas on "Drifting" was a most inspiring one. A large choir was made up of the choirs of the four churches represented in the union services. The Rev. A. B. Reeves, vice-president of the Ministerial Association, presided in the absence of the Rev. W. K. McClure, president of the association. An unusually large attendance was recorded and the meeting was a great success.

### IMPROVING FERN LAKE PAVILLION

New Floor For Second Story, New Foundation and Boat Landing—Seven Boats Purchased

Improvements are being made on the pavilion at Fern Lake, adding greatly to the comfort of the hundreds of visitors who visit the place weekly.  
A new floor has been built on the second story, new foundations have been put in and everything in general is being done to put the place in first-class condition. A new boat landing is being made on the east side, this being considered better than the north side which heretofore been used for that purpose.  
With the seven new boats which have been bought by the Fishing Club this year, there are now twenty-four serviceable boats on the water and more could be used, according to club members. Four members have motor boats now, too.  
The lake is proving more popular than ever this year as a summer resort and picnic ground. Every day there are numbers of persons from here and other places who come there to spend the day. On Sundays, particularly, the place is always crowded.  
Though not many large fish have been caught at the lake this year, several of the club members have met with fair success. There is a large fry of small bass that will be large enough to catch by next year. A quantity of minnows was added a few months ago and another large shipment is expected next fall.

### Boosters Meet Tomorrow Night

A meeting of the Boosters of the First M. E. church will follow the regular prayer service Wednesday night. The thirteenth chapter of Matthew will be studied and the memory verses will be the first and second of the first chapter of John.

### First State Bank OF SHELBY CLOSES

Second of Banks in Town To Shut Because of Losses From Dempsey-Gibbons Fight

By Associated Press.  
GREAT FALLS, Mont., July 10.—The First State Bank of Shelby, of which Jim Johnson, one of the backers of the Dempsey-Gibbons fight is president, closed its doors today, according to a statement of the state bank examiner here to take charge of the State Trust and Savings bank which closed Monday.

### TRAINING CHILD BETWEEN BABYHOOD AND SCHOOL AGE MOST IMPORTANT

LOUISVILLE, Ky., July 10.—Why is it that four years of a child's life, during which time many permanent habits are being formed, are almost completely forgotten in our efforts to care for babies and school children? It is not a pleasant fact to acknowledge, but it is a fact, nevertheless. For years we have been concentrating on infant feeding, health rules for infants, clothing the baby, reports on infant mortality, and numerous other subjects pertaining to children up to two years of age. Then comes the gap, and our next interest is health habits for school children. It cannot be that we care less for the toddlers, so it must be that we do not realize that it is just as necessary to have health regulations for this age as it is for those in the younger and older groups. And these regulations serve as the connecting link between the baby and the school child.  
As with the infant, a steady increase in weight is indicative of health; and efforts should be made to see that this increase is effected. Twelve hours of undisturbed sleep, with a rest period during the day; plain, well-cooked food, served at regular intervals; plenty of out-door exercise clothing suitable for the season and the frequent use of good water, in drinking and bathing, will help keep the toddler well, and help to improve the condition of those who are not up to standard.  
So while we cannot lessen in the care of our babies and school children, let us make the work with them all the more effective by giving an equal amount of time to the dear little run-arounds.

Then comes the gap, and our next interest is health habits for school children. It cannot be that we care less for the toddlers, so it must be that we do not realize that it is just as necessary to have health regulations for this age as it is for those in the younger and older groups. And these regulations serve as the connecting link between the baby and the school child.  
As with the infant, a steady increase in weight is indicative of health; and efforts should be made to see that this increase is effected. Twelve hours of undisturbed sleep, with a rest period during the day; plain, well-cooked food, served at regular intervals; plenty of out-door exercise clothing suitable for the season and the frequent use of good water, in drinking and bathing, will help keep the toddler well, and help to improve the condition of those who are not up to standard.  
So while we cannot lessen in the care of our babies and school children, let us make the work with them all the more effective by giving an equal amount of time to the dear little run-arounds.

Eccentricity Constipation Most Active

 Long Shorting

[illegible]

the construction of buildings continues at a rapid pace, as is reflected in the fact that the amount of land left for the line amounts and the amount of construction has been reduced to a minimum. In New York, the construction of the line has been reduced to a minimum, as it is well known that the line will be built by a company that will be able to do so. The line will be built by a company that will be able to do so. The line will be built by a company that will be able to do so.

It is not appropriate to compare the two series, while the comparison with M1 is not intended to be a test of approximate agreement.

With a view to transferring from 120 cities to the total value of building permits in May was 8,275, 2,769 in June, 2,887 for the two months in April 8,742, 91 in March and 2,215, 58 in May 1942. The results are shown in the figures on 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476, 477, 478, 479, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 561, 562, 563, 564, 565, 566, 567, 568, 569, 570, 571, 572, 573, 574, 575, 576, 577, 578, 579, 580, 581, 582, 583, 584, 585, 586, 587, 588, 589, 590, 591, 592, 593, 594, 595, 596, 597, 598, 599, 600, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 612, 613, 614, 615, 616, 617, 618, 619, 620, 621, 622, 623, 624, 625, 626, 627, 628, 629, 630, 631, 632, 633, 634, 635, 636, 637, 638, 639, 640, 641, 642, 643, 644, 645, 646, 647, 648, 649, 650, 651, 652, 653, 654, 655, 656, 657, 658, 659, 660, 661, 662, 663, 664, 665, 666, 667, 668, 669, 670, 671, 672, 673, 674, 675, 676, 677, 678, 679, 680, 681, 682, 683, 684, 685, 686, 687, 688, 689, 690, 691, 692, 693, 694, 695, 696, 697, 698, 699, 700, 701, 702, 703, 704, 705, 706, 707, 708, 709, 710, 711, 712, 713, 714, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724, 725, 726, 727, 728, 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740, 741, 742, 743, 744, 745, 746, 747, 748, 749, 750, 751, 752, 753, 754, 755, 756, 757, 758, 759, 760, 761, 762, 763, 764, 765, 766, 767, 768, 769, 770, 771, 772, 773, 774, 775, 776, 777, 778, 779, 780, 781, 782, 783, 784, 785, 786, 787, 788, 789, 790, 791, 792, 793, 794, 795, 796, 797, 798, 799, 800, 801, 802, 803, 804, 805, 806, 807, 808, 809, 810, 811, 812, 813, 814, 815, 816, 817, 818, 819, 820, 821, 822, 823, 824, 825, 826, 827, 828, 829, 830,

We are willing to sacrifice these pieces at low prices just to get the room. Below you will find just a few of the pieces listed. Many others are in stock.

## Woman Builds Own Home And Not Even A Thumb Mashed

**That's The Best of Woman Who Plans  
And Builds Her Own  
Bungalow**

OMAHA, Neb., July 10.—When Mrs. R. A. Bolen points to her home and says, "This is my home," she is more entitled to that reflection than most women in the United States.

For not only is it her home—the home she lives in—but it is her home, the product of her own hands, the home she built.

From foundation to saddle, the new five room bungalow on Tenth Avenue here was put up by Mrs. Bolen alone. Of course she had to leave the plumbing and electrical work to licensed workers, but she did all the carpentry.

Working alone on the building, in ordinary knicker, high boots and her work shirt, Mrs. Bolen completed her task in eight months. Her husband came around three or four times to look over the work and offer suggestions, and whenever she struck a snag, she says she went to the K. K. of the Upholstery Company, who would tell her what to do.

### Own Plans Too

For every minute of it, she concludes, now that she's through.

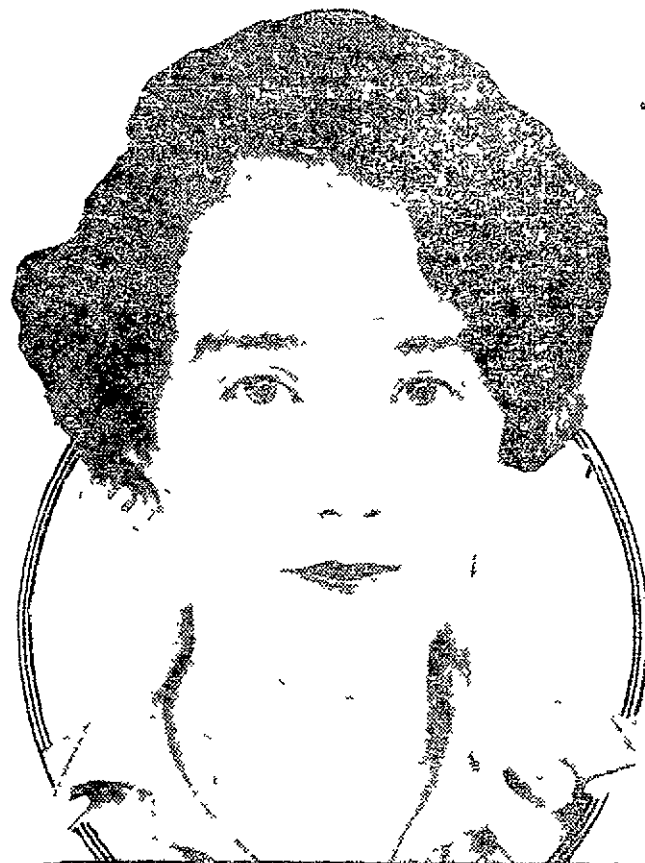

My husband and I had been planning for two years on building a house, she explains. We wanted it to suit ourselves and our pocketbook, and we made our own plans.

Mrs. Bolen couldn't leave her business to supervise the building, so she decided to quit work and do it. After all, she thought, the carpenters put the framework in, I decided I could do the carpentry work myself. So I started.

As proof she could, Mrs. Bolen points to her youthful days when on a farm near Haworth, Ky., she did rather a little from machinery than with dishes.

So building her own home wasn't so difficult after all.

The hardest moment labor was putting up the frame work, she says. My

MRS. R. A. BOLEN AND THE FIVE ROOM HOME SHE BUILT

10 years old but the help came with the time in the windows, fitting the roof, the shingles, the roof and the rug.

Only twice she did it all even to put the holes for the plumbing.

I did sacrifice three or four fine suits, she confides. No, I don't regret it, but I'm not telling what I thought.

I'm usually Mrs. Bolen figures she's ahead of the game.

But since I've saved as much as I can, I could have cut it, she confides, and I feel that in the long run, a good move, even by cutting in a few dollars out of town.

And then there's the health side of it. I honestly never felt well in my whole life.

### BUILDING NOTES

Preparing for living, a new building on the American City building on Tenth Avenue is being made and now that will be finished.

Cracking for the new garage building of the Evans and Kennedy Port since began this morning. A first priority of birds is now on the ground.

The new portion of the Tenth Avenue street is practically completed.

It was decided at a meeting of the Oddfellows last night to install both for the second floor apartment of the Tenth Avenue.

New doors have been made for the Adams Room, wholesale house and now have been made for the display of goods.

### TAX REFORMS

(continued from page 10)

past I've decided to abandon the old

method we have.

A few years ago the winter was in

company with Mr. Milton H. Smith

president of the Louisville & Nashville

Railroad and happened to be held up

by a train of coal cars bound for

some point in Wisconsin, and the idea

of taking away so much of our prin-

cipal natural product was deplored.

Mr. Smith in his pitiful style replied:

"Of what benefit to Kentucky would

it be to let that coal be undisturbed?

It has been for ages. Kind of the

equivalent employed to get it out. The

crisis in value of other property due

to the question of the mines. The

fact necessary and other industries. The

fact that their supports matter in

the eyes of workers and consumers.

Coal Assessments Increase

Investigation showed that all he said

was true and the story was not half

bold. In six coal counties in Eastern

Kentucky it was found that in the past

four years while the assessment of

property has increased \$75,000,000

the assessment of other property in-

creased \$30,000,000 although it is not

pretended that the present assessments

are at any time like the tax cash

value is the law requires.

The point is simply this: that it

would be foolish to mix it with the

enterprise and do nothing just be-

cause to show results and which is to

be so much to increase the taxable

wealth of certain sections of the state

so long inactive and non-productive.

The coal properties should be their

share of taxation is indisputable and

the constitution provides the way. The

owners are fully advised as to the val-

ue of their holdings and in other states

the tax, with times have been able

to move it the value and the result

has been satisfactory to all concerned.

A fair assessment and reasonable tax

rate has not been established. If that

was done, and the new, enter-

prises with the attendant wealth to

tax and in the state mentioned

ed has there been any serious consid-

eration of taxing taxes on business

and.

Supposing that Kentucky should at-

tempt to map a such a tax on top of

the old value to our local prop-

erties and the other states will be

do so. How could we expect to get

capital interested in our 12,000 square

miles of coal lands and other domain

owned property? Do we want to fill

the goose that lays the golden eggs?

Production Tax Bill

A production tax is the best depend-

able of all taxes. The oil business is

precious, it is dependent on many

variables. When there is no produc-

tion there are no taxes but even when

mines are rich the property value

remains the same, undisturbed from

the lands and mineral resources. The

argument that the oil value is taxation

of mineral properties has been a fail-

ure in Kentucky is in no wise con-

vincing as it is in the other states

but in getting the value and con-

tributing with the production of the

owners and there is no more such

property is now paying over one-half

of all the property taxes, simply because

the tax cash value was ascertained and

undisputed.

Kentucky has only recently reached

the upgrade and is showing not

surprise advantages and would be

deplorable to find that any obstacle

placed in the way of her mining

wealth and prosperity. If the

mining states find it desirable to

pay such an oil tax, it is a

question of common sense, not

policy, and it is to be hoped that

the states will do so and as much

as it is in the way of the

mining states and to the

mining states and to the

## ALBEN W. BARKLEY FOR GOVERNOR

TO THE DEMOCRATIC VOTERS

A great opportunity awaits the Democratic party in the primary on August 4th. If the Democratic voters, men and women, on that day do their duty, victory in November will be assured.

It has been clear for some weeks now to all intelligent observers that Alben W. Barkley has been making wonderful gains in his candidacy for the nomination for Governor, and there will be no doubt of his nomination if those voters who favor him and the principles for which he stands will go to the polls on the primary election date, cast their votes and use their influence to see that he gets a fair count. That is the way and the only way to defeat the powerful and corrupt interests opposing Mr. Barkley in this campaign.

Those interests succeeded, under the leadership of Maurice G. E. G. G., the high-salaried attorney of the race track gambling interests and of other interests, in dominating the recent Republican State Convention, and in nominating Mr. Calvin's candidate, Charles I. Dawson. The same interests under the leadership of Mr. William Klair are now turning their attention to the Democratic Primary.

There is no issue between Mr. Calvin, the Republican leader, and Mr. Klair, the Democratic leader. They stand for the same things and represent practically the same interests. With Mr. Dawson as the Republican nominee, and Mr. Cantrill as the Democratic nominee, those interests would be safe no matter which one was elected, as their representatives would work together in both parties as they have

done for some years past in this State.

Mr. Dawson and Mr. Cantrill may have some trivial differences on the Tariff question, the League of Nations, or some other National questions, but upon issues in the State of Kentucky we know of no question upon which they differ. In the election of either one, the race track gambling interests would prevail for another four years, the foreign coal barons would continue to draw the wealth out of Kentucky while paying practically no taxes to the State or Counties, and the same influences that have controlled Kentucky in recent years would continue in power. The nomination of Mr. Barkley offers to the Democratic party and the people of Kentucky the only opportunity to combat and overthrow those corrupt influences. He is clean, capable and courageous. His nomination would inspire enthusiasm among the Democratic voters, and attract to his support thousands of honest Republicans who are dissatisfied with the nomination of Mr. Dawson and a continuation in power of the interests that are backing him.

We, therefore, call upon all the Democratic men and women of Kentucky who want clean, honest, economical and progressive government, to rally to the support of Mr. Barkley and make doubly sure his nomination on August 4th.

BARKLEY CAMPAIGN COMMITTEE

Mr. and Mrs. J. P. Nicholson and son, Eugene, and Mr. Nicholson's sister, Mrs. C. R. Hornum, and two children of Knoxville left Sunday morning for a motor trip to Pineville, where they will visit relatives.
